Sir:

AMENDMENT AND RESPONSE AFTER FINAL

In response to the Final Office Action dated December 29, 2003, please amend the above-identified application as follows. Inasmuch as these amendments are being made pursuant to the Examiner's comments and suggestions in the Final Rejection, and are believed to be consistent therewith and to place the application in condition for allowance (or at least in better position for appeal), entry of these amendments after Final is believed to be appropriate. In particular, it will be apparent from the amendments and the Remarks which follow that the amendments do not require a further search, and do not require more than a minimal further effort by the Examiner, and therefore entry of

these amendments after Final is respectfully requested.
